

2012 Training Institute for Dissemination and Implementation Research in Health

Applications are now being accepted for the 2012 Training Institute for Dissemination and Implementation Research in Health (TIDIRH). The training, which will be held **July 9-13 in San Jose, California**, is designed for investigators at any career stage interested in conducting Dissemination and Implementation Research. The deadline to submit applications is March 2nd. For more information, including eligibility requirements, visit the [TIDIRH website](#).

National Postdoctoral Association's 2012 Annual Meeting

The National Postdoctoral Association's 2012 Annual Meeting is fast approaching! You are invited to join them in **San Francisco, CA, on March 16-18** as they celebrate ten years of service to the postdoctoral community and prepare for another decade of recommending innovative practices that support new researchers.

Highlights of this highly interactive meeting include:

- Dr. Alan I. Leshner, Chief Executive Officer of the American Association for the Advancement of Science and Executive Publisher of Science, will deliver the keynote address.
- Representatives from the [National Academies Committee to Review the State of the Postdoctoral Experience in Scientists and Engineers](#) will provide a plenary session that has been designated as an official meeting of the committee. This plenary will be followed by a "town hall" meeting, during which input and feedback will be received from those in attendance.

Read more and register for the meeting on the [NPA Annual Meeting webpage](#).

10th Edition "Combining Clinical and Research Careers in Neuroscience"

The National Institute of Neurological Disorders and Stroke (NINDS), together with the Association of University Professors of Neurology (AUPN) and the American Neurological Association (ANA) are sponsoring the tenth edition of "Combining Clinical and Research Careers in Neuroscience", to be held **June 22 - 23, 2012 in Washington, DC**. Medical students (including MD-PhD students) who may be candidates for combined research and clinical careers in the neurosciences, i.e., future clinician-scientists, are encouraged to apply to attend this meeting. The application deadline is April 2, 2012. The full agenda and application details can be found on the [Clinician-Scientist Program website](#).
