# Texas A&M Health Science Center School of Graduate Studies

The mission of the Texas A&M Health Science Center School of Graduate Studies (SGS) is to provide effective leadership throughout the Health Science Center for the establishment, coordination, and support of academic training programs in the health sciences.

Degrees Offered through the SGS include:

- Ph.D. in Biomedical Science
- Ph.D. in Health Services Research
- Ph.D. in Neuroscience (*in conjunction with Texas A&M University*)
- M.S. in Biomedical Science (*only for regular admittance through the Dallas campus*)
- M.S. in Education of Healthcare Professionals

Depending on area of specialization, students are able to complete coursework and pursue research at HSC locations in Bryan/College Station, Dallas, Houston, and Temple.

TEXAS A&M  
**HEALTH SCIENCE CENTER**  
SCHOOL OF GRADUATE STUDIES
